# A Year of Immeasurable Impact

This year, the story is clear.

People are meeting Jesus through the ministry of FEBC.

In FY2025, 19,904 people chose to follow Christ through FEBC broadcasts and media. These are people whose responses could be seen and counted, and they point to a far wider story unfolding across our Partner fields. Alongside this, FEBC programming had a potential reach of more than 91 million people, across 109 languages, reaching communities often cut off by geography, conflict, or restriction.

These numbers matter because they represent real people. People hearing the name of Jesus through media, in their own heart language. Families encountering Christ together. Individuals responding in moments when hope felt distant.

None of this happens by accident. It is the result of faithful local Partners creating and sustaining Christ-centred media among the least reached, and faithful supporters here in Australia who pray, give, and stand with them year after year.

What you hold in your hands is evidence of what God has done through media in FY2025. Lives have been changed, faith has taken root, and the name of Jesus has been heard in places where it had not been before. It leaves us deeply confident as we look ahead, trusting God to continue doing immeasurably more than we could ask or imagine.

Thank you for partnering with us, until all have heard.

**Janet Cousins**  
CEO, FEBC Australia

# Vision and Mission

At FEBC Australia, we are passionate about one thing: helping people meet Jesus in their own language through media. Since 1965, we've been part of FEBC International's mission to share the Good News of Jesus Christ to the world through media. Collectively, in FY25, 26 members shared the gospel in 152 languages across 52 nations. Thank you for joining us in bringing the life of Christ to those who have not heard, in their heart language, through media.

## Our Vision

**That the gospel is heard in every nation, among every group, and in every language.**

In heart languages • To the least reached  
• Until all have heard

## Our Mission

**We communicate the Good News among the nations by media to inspire people to follow Jesus.**

On-air • Online • On the ground

were disbursed in FY24.

# Areas of Impact

FEBC Australia's desired impact is that people become disciples of Christ, that their lives are transformed by His love, and they, in turn, shape their communities. We are so grateful for the dedication of our supporters and the skill of our broadcast Partners for making this possible.

Our approach, informed by learning with our broadcast Partners, is to support programs across four integrated areas: broadcasting, community engagement, discipleship and sustainability.

---

This chart identifies the percentage of funds allocated for each area of impact in FY25, with the following pages including details on achievements.

## Speaking the Good News, through media, to those still waiting to hear

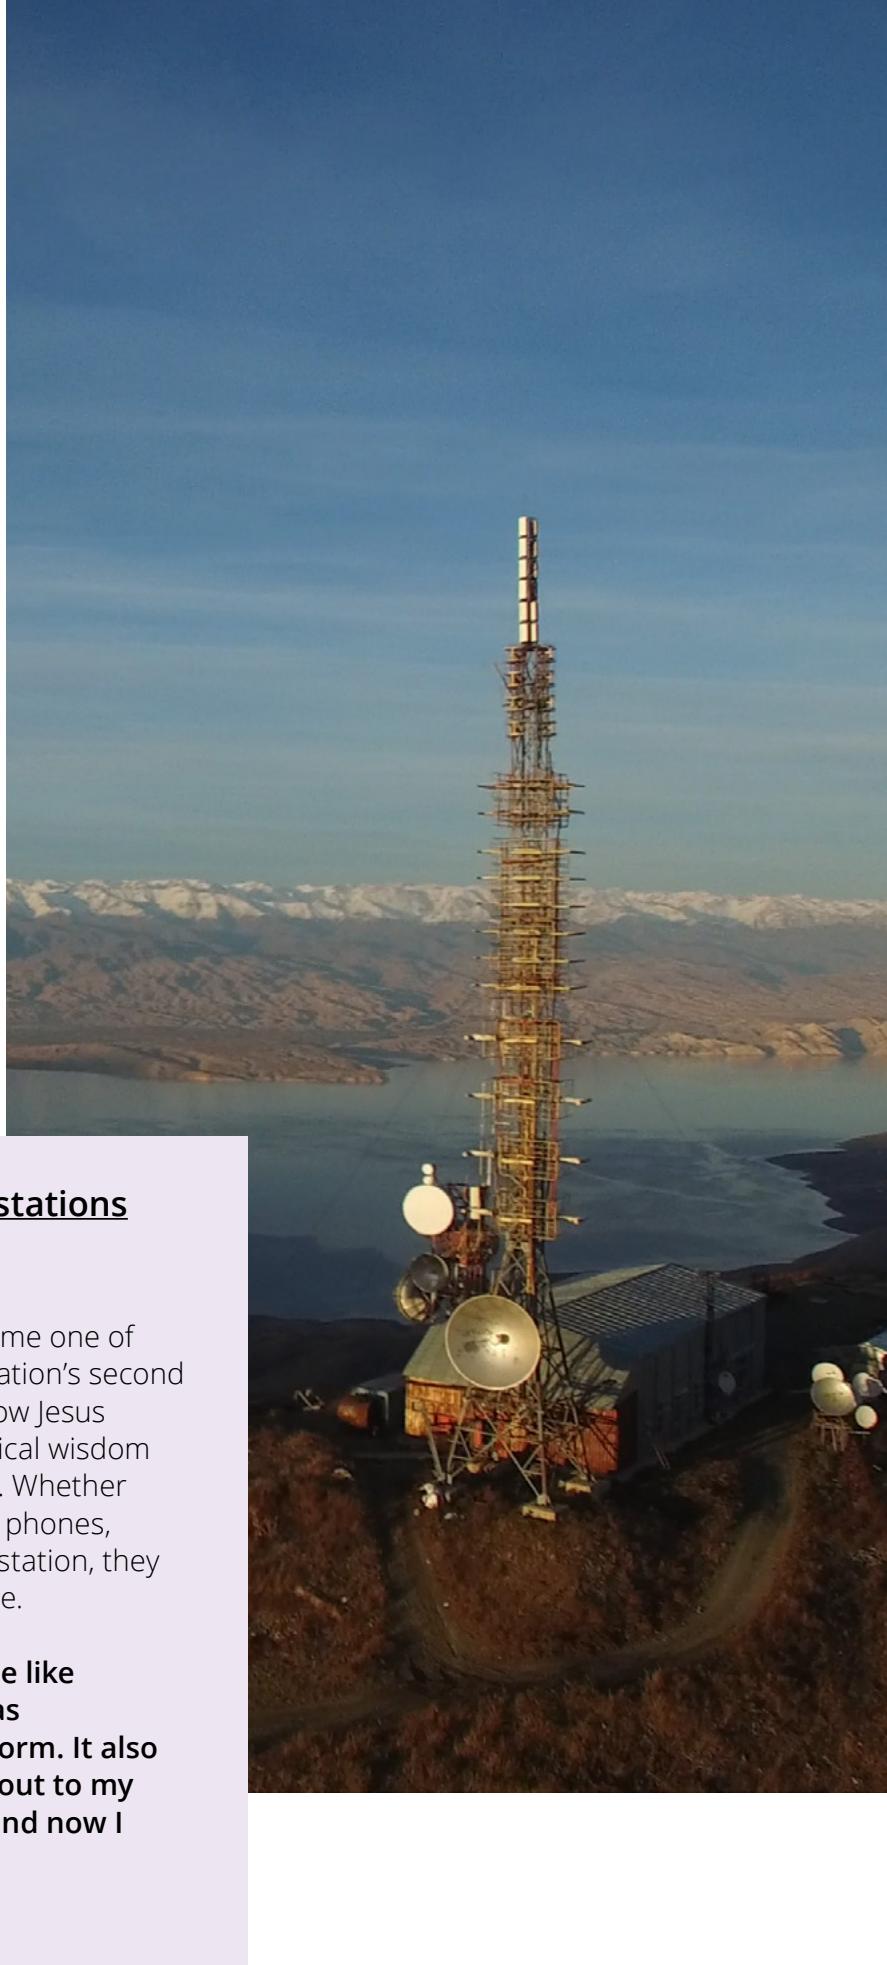

Media breaks barriers—geographical and cultural. In FY25, our Partners shared the gospel in 109 languages, with locally produced programs bringing Jesus' love in ways people truly understand. From radio waves reaching remote villages or secret believers, to social media inspiring urban youth, and WhatsApp groups supporting new believers, media continues to multiply our reach.

**Partners: 17**

**Platforms: Radio (FM, AM, shortwave), social media, internet, apps, social messaging**

### One of the most popular radio stations

📍 KYRGYZSTAN

In 2025, our Partner in Kyrgyzstan became one of the most popular stations in Osh, the nation's second largest city. They inspired people to follow Jesus through a great mix of shows using Biblical wisdom to help families and communities thrive. Whether people tuned in on radio, checked their phones, scrolled social media, or called into the station, they were finding answers and receiving hope.

**“I can’t imagine what my life would be like without your radio station. My life has transformed and continues to transform. It also gives me great opportunity to reach out to my friends. Five years ago, I first heard and now I can’t live without it.”**

– Listener, Kyrgyzstan

## Love in action—bringing God's love to life

Together with our Partners, we brought God's love to life through community engagement activities that also introduced people to FEBC media. In 2024/2025, we supported programs providing disaster recovery, counselling for listeners in a war-zone, teaching sign language and sewing skills development, and opportunities for people to share their own voice through radio. God's love was expressed in practical ways that changed lives!

**Partners: 14**

### **'Roshan Ghar' (Bright Home) project**

● **PAKISTAN**

The *Roshan Ghar* ('Bright Home') project helped marginalised rural communities discover that Jesus loves them and that they have God-given potential. Together, we addressed poverty, family violence, and health challenges while empowering women to become agents of change.

Through free sewing classes, many women started earning income for the first time, and grew in faith as they listened to devotionals on speaker boxes. Our Partner's medical clinics brought healing and hope. Most importantly, lives were transformed as people experienced Jesus' love in practical ways.

**"When they started coming to the sewing centre, they were shy and would stay quiet but now they talk and talk. They enjoy what they do and they've also made some good friends."**

– Director of Roshan Ghar project

## Growing disciples to transform communities

Making disciples is part of Jesus' Great Commission, and it's also on our hearts to make disciples that make disciples.

With your support in FY25, discipleship multiplied the fruit of ministry. Our Partners invested in online and media training for pastors and individuals, equipping them to reach others for Christ. Through online Bible Institutes, seminars, and youth training we also saw believers discover their calling and stepping out to share Jesus. In many cases, this was the first time they had been equipped to teach others or to lead within their own communities. Thank you for being part of this multiplication movement!

**Countries: 5**

**Partners: 5**

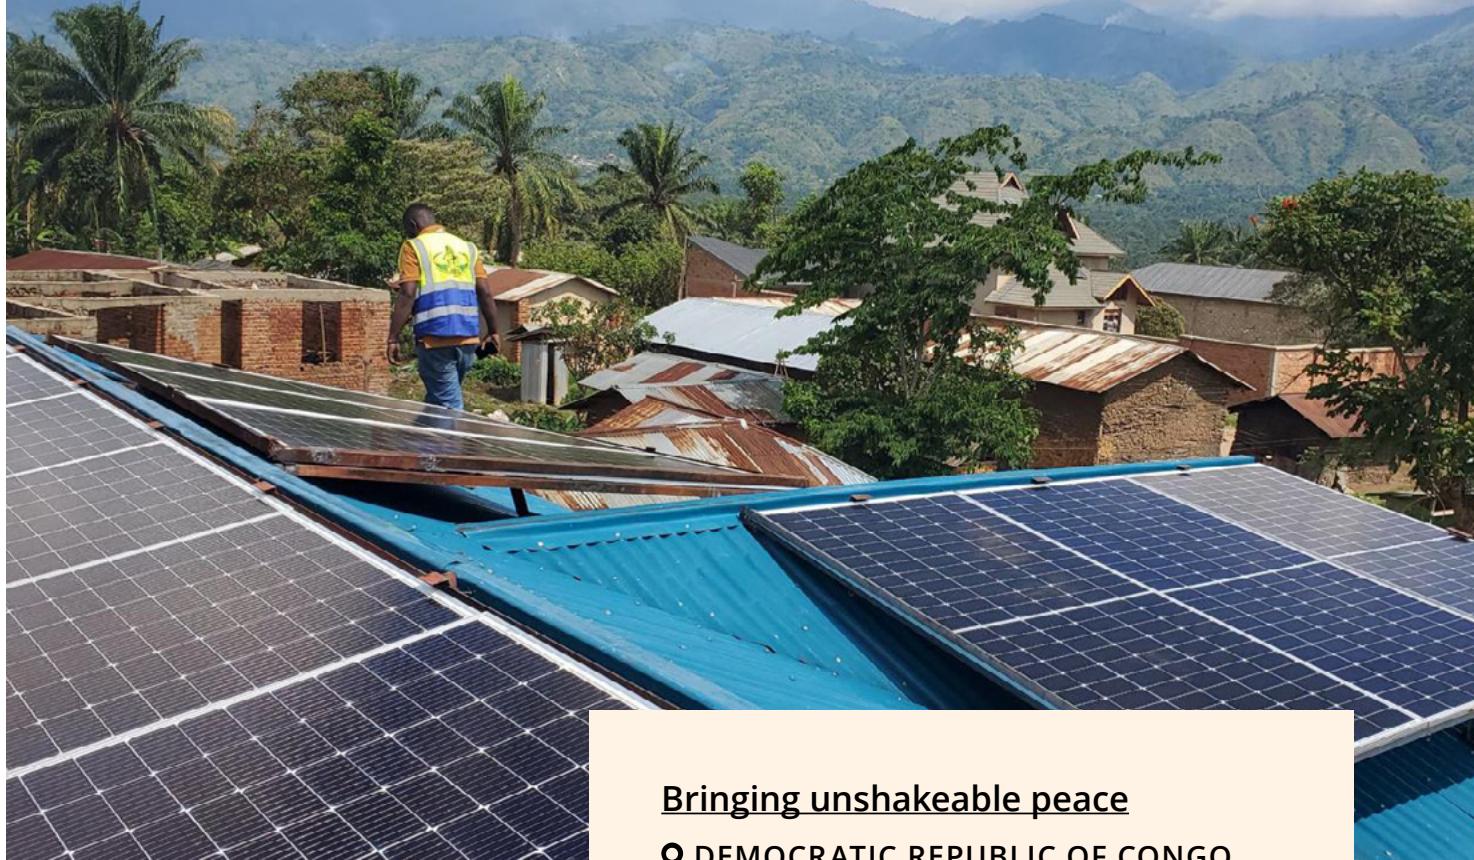

### Seminars, Bible training and youth camps

#### 📍 SOUTHEAST ASIA

FEBC Ethnic Ministry invested deeply in equipping ethnic believers and leaders across Southeast Asia in 2025. Around 10,000 Khmu, Kin Mun, Mien, Tai Dam, Hmong, Akha and Lisu believers and leaders attended leadership and Bible training, and 640 Hmong and Mien youth attended youth camps. Because of these efforts, church leaders have connected across their distant villages and are better equipped to teach God's Word, whilst young people have caught the vision to reach their peers for Christ.

**"These lessons have greatly increased my knowledge and understanding, which have been very helpful in my ministry. They have also inspired me to love evangelism even more and to boldly and powerfully share the story of Jesus."**

– Ethnic minister, Southeast Asia

## Building enduring mission to serve the least reached

As we journeyed together in God's mission in FY25, we were able to provide resources to Partners which they used to strengthen their capacity to serve the least reached. This meant investing in practical, sustainable activities—like staff training, purchasing essential equipment such as generators, and encouraging local fundraising initiatives. Each step helped Partners stand strong, grow their ministries, and continue to share Jesus' love in places where His name is rarely heard. Together, we were not just meeting immediate needs—we were laying foundations for lasting impact.

### Bringing unshakeable peace

📍 **DEMOCRATIC REPUBLIC OF CONGO (DRC)**

Because of our faithful Australian supporters, our Partner in North Kivu, DRC now has solar power to consistently broadcast hope and peace. For a while they had to rely on sporadic power from a neighbour. In a community scarred by years of armed violence—where many have lost friends or family—these consistent broadcasts shine the light of Jesus into places of deep need. Your faithfulness has helped sustain a message of comfort and courage right where it's most needed.

**"This station [Umoja FM] will bring emotional, physical and spiritual changes."**

– Minister of Parliament,  
Democratic Republic of Congo

<sup>#</sup> Each project may have several integrated areas of impact.

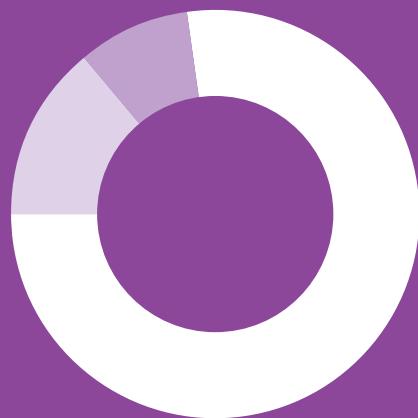

# Together, you helped raise \$2.1 million

to share the gospel of Jesus through media.

\$1.65 million of that went directly into projects led by trusted local broadcasters, reaching the least reached, in their own heart language.

## Your generosity

Where did the money come from in 2024/25?

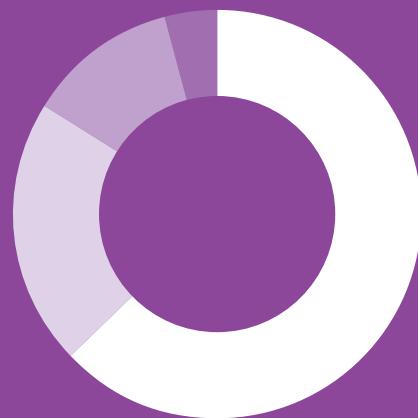

■ **77%**  
Donations  
(tax deductible and non-tax deductible)

International Programs & Projects

■ **21%**  
Mission Engagement (fundraising & donor acquisition)

■ **12%**  
Community Education

■ **4%**  
Administration & Accountability

# Your Impact

It's not just a gift. It's not just one prayer. Your faithful giving and prayer in Australia carry God's love through our global studios into the hearts of those waiting for hope.

The Good News of Jesus is crossing borders that feet cannot. Because you gave and prayed people have met Jesus for the first time. Partners have been equipped to continue broadcasting. Communities are finding hope in difficult circumstances.

Thank you for impacting lives around the world for and with Jesus. As we enter the 2026 financial year, we look forward to our shared mission in the "immeasurably more" that God is doing. Together, let's continue sharing the gospel in heart languages to those who have yet to hear, until all hear.
